

2018 Summer Camp Admission Procedures

Ridley Orchard Summer Camp supports children's independence, confidence and sense of adventure developing their physical, intellectual, inventive, creative and social skills. Activities take place in our fully fenced outdoor playground and beautiful garden. Camp instructors are selected from our teachers. Campers receive lots of individual attention with a ratio of one instructor to every five campers. In case of rainy days, our fully equipped facilities include 2 large indoor gymnasiums, classrooms and kitchens. Full day, $\frac{3}{4}$ day and $\frac{1}{2}$ day program options available.

Junior Paleontologists dig up and reconstruct dinosaur fossils, then blast off in **Space Voyages** and tour the galaxy, re-create exploding stars and the magic Milky Way. Upon landing, **Chemists** grow crystals and experiment with chemical reactions in an explosive way. **Sculptors** create using clay, pottery and plaster. **Carpenters** build bird feeders and even make their own paper in woodworking. **Naturalists** plant and cultivate vegetables and flowers, create wind chimes and sand candles. **Sports** focus on playing in a fun, creative, highly active, cooperative and often water play environment. Sport skills are applied in a skill based play environment for soccer, water baseball, water volleyball, golf, tennis, badminton and hockey. **Junior Chefs** bake pineapple upside-down cake, pizza, bake bread, make butter and jam from scratch, and other delectables for everyone to enjoy.
